

Internationally qualified Clinical Measurement Physiologists' can apply for Recognition of their Qualifications to work in Ireland through the Irish Institute of Clinical Measurement Physiology (IICMP)

If you wish to apply for a Clinical Measurement Physiologist post in Ireland and your qualifications were obtained outside of the Irish State you will need to apply for recognition of Qualification (ROQ)

Recognition of Qualification Process

Step 1:

Recognition of qualification applications are assessed against the below current recognised qualifications for Clinical Measurement Physiologists in Ireland.

Please review the Irish programme [TUD BSc Clinical Measurement Science](#)

Step 2:

Download the ROQ application form [ROQ Application Form](#)

Step 3:

Read the Frequently asked questions document: [FAQ Document](#)

Step 4:

Email your completed application form and certified Supporting documents to recognition@iicmp.ie

Supporting documents include:

- Photo ID
